

# **Best Loser's Afghan**

For this contest you need a volunteer from your membership or knits or crochets.

Each member who wishes to join the contest purchases a skein of yarn in a color of their choosing.

Each week, the top loser gives their yarn to the member doing the knitting or crocheting to have a row of their color added to the afghan.

After the afghan reaches a useable size, about 60 inches, the member whose color appears most often wins the afghan.
