

"Bell the Tree"

Each TOPS member who loses or turtles may write their name on a construction paper Christmas bell and tape it onto a Christmas tree. Our KOPS must be at or below goal to get a bell. The contest will end on December 15th, and we will award the prize for 1st, 2nd and third place.

The tree is made of green bristol board and mounted on red bristol board. My husband is going to make holes in the tree and attach a set of colored mini-lights through each hole and the wires will be invisible on the back. This will then be mounted on a stand so that it can support itself. Each week the tree will be lit and waiting for the people to attach their bells.
