

# Chick Race

Spring chicks race toward plastic eggs. The miniature chicks, one per member, earned a number of "scratches" each week. Each scratch moved them one square closer to the egg at the end of the board. Contestants earn one scratch for calling a TOPS pal, two for attending a meeting, and three for keeping a food chart for the week. TOPS earned three scratches for a loss or turtle. KOPS can play too - and are encouraged to drink 8 glasses of water per day.
