

Flag Contest

Supplies:

Toothpicks

Paper cut-outs of Flags

Styrofoam ball

Take toothpicks and glue on paper cut into the shape of a flag with a members name on each.

At the beginning of the month, members who wish to participate pay .50 cents and take their flag and stick it in a styrofoam ball.

Your name stays on the ball as long as you do not have a gain... If you have a gain... you have to take your flag out until the next month when it starts over... At the end of the month, whoever is left on the ball gets the money.

If there is more than one name left, you can either draw a name to determine the winner, or divide the money up. What ever your chapter decides when making the contest rules official.
