

Jack-O-Lantern Contest

Our TOPS group ran a contest in October for about 4-6 weeks where we all had Jack-o-lanterns cut out of construction paper.

We each cut our own into however many pieces that the contest ran, sort of like puzzle pieces (we kept track of our own pieces and how they would go back together) wrote our names on the first piece to go up (stem part).

Each week that we lost (TOPS) or were in leeway for KOPS, we got to tack a piece of our Jack-o-lantern on a big bulletin board. Whoever was closest to having theirs back together (whole again) won a prize.
