## **Poem ~ WE WILL DO IT**

Well, it's time for awards and installation. We're all here, spreading cheer! Is our proclamation.

We're so proud we'll say it out loud across then nation:

TOPS is fine. We will shine and be an inspiration.

Come on TOPS, let's be KOPS. We can do it.

Lose that weight before it's too late. Let's hop to it.

Try to eat right day and night. Don't abuse it. Well, it's time for pounds to unwind. We can do it!

### **CEREMONY:**

The following installation ceremony included the presentation of the appropriate toy beanbag creature to each of the new officers.

**LEADER: - DUCK** When we think of ducks, we think of how the little ones follow behind the mother duck as she boldly leads the way. As you act as our leader, we will follow you by attending the meetings and giving support tour group.

**CO-LEADER-TURKEY** The turkey loves to strut. As CO-leader you will now strut along faithfully beside the leader, ready to strut your stuff and fill in when the leader or another officer is absent.

**SECRETARY-BLUE JAY** We will be so blue if we don't have good minutes kept for our TOPS chapter history. Just as the blue jay can chirp out notes, you will record good notes at each meeting & be ready to chirp them out the following meeting.

**TREASURER-SQUIRREL** The squirrel gathers nuts and stores them away for future use. You will gather dues and keep good financial records for our chapter.

**WEIGHT RECORDER-KANGAROO** the kangaroo is known for hopping. TOPS members will hop on the scales each week and you will hop to it and record the results. You will also keep a pouch full of support words to distribute freely.

**ASSISTANT-WT RECORDER-FROG** The frog is also a hopper. You are a helping hopper who generously keeps the weight recorder from turning green and croaking form the big job of keeping accurate weight records.

Tops and Kops, I present to you your Chapter Officers for "year." Let's give them all a great big hand! Thank you.
