

Love n' TOPS

Love and TOPS have come together-----
And blended into one,-----
To change the helpless losers-----
Into champions who have won!-----
If it weren't for the caring-----
All members give each day,-----
We might get lost in limbo-----
And never find our way.-----
But looking after others-----
When they need a helping hand-----
Is what TOPS has always done-----
And seems to understand-----
WE all need a bit of praise-----
When we falter on our way.-----
So, thank you, TOPS-----
For the caring, loving, sharing,-----
You give to us each day.
