

## **PASS THE BANK**

We pass a "bank" around at every meeting for members' voluntary donations. Members sometime take a personal challenge and give money to SRD fund if they don't make it. For example, when I went on vacation and was gone for four meetings, I said that if I didn't lose 2 pounds while I was gone, I would pay \$10. Since then, other members have developed similar personal challenges.

### ***Another twist on Pass the Bank:***

We have 31 members in our chapter. We have found REALLY simple "fund raiser" that works well for us. We have a large jar that we put on the table each week, and anyone can toss in their pennies or whatever. Who misses a few pennies, nickels or dimes out of their purse? (except the purse gets lighter) The first time the money was emptied to take to the bank, we had a contest to guess how much was in it. SURPRISE-----almost \$50!
